Laurent Lebled - Couffy - Loire-et-Cher - Loire Valley (No SO2)

Laurent Lebled came to winemaking after a first career in wood trade. Feeling the need to move to another field of activity he dared to follow the advices of winemakers he got in contact with through his previous job and who had become friends. They told him to go into winemaking and offered to show him the ropes the first years. Under the guidance and with the support of seasoned winemakers such as **Olivier Cousin**, **Sebastien Bobinet**, **Bernard Pontonnier** or **Patrick Corbineau**, Laurent produced his first vintage in 2010.
